

DRIVING INSTRUCTIONS

Dalaman Airport to Villa Mandarin.

Follow the dual carriageway from the airport and after about 6.5 kilometres you will come to a roundabout with traffic lights. You should go straight on here following the signs to Koycegiz and Mugla.

After a further 4 kilometres you will come to another set of lights where you go straight on again. A kilometre further on there is a further set of lights where you should turn right onto the main road signposted to Fethiye and Antalya.

Continue on this main road, over the hills all the way to Fethiye. After about 30 kilometres you will bypass the harbour town of Gocek. **The new Gócek tunnel is now in operation and will save the time and hassle of negotiating the steep hairpin bends in that area. The price at the present time is 25TL for one way.** After that you will cross another steep set of hills before passing through the villages of Yaniklar, Kargi and Ciftlik (where you should take care to observe the marked speed limits). About 1.7km after the sign for Ciftlik, you will see a large sign for **CALIS PLAJI**. Turn right here and continue on this long winding road for about 3km, following the signs for Fethiye

At the next roundabout with traffic lights go straight ahead, and follow this road for approximately 2km when you will approach another set of traffic lights, which will take you past the Government Hospital on the left. At the lights, bear right following the signs for Ólüdeniz. Follow the road for another 500m through another set of lights, this road will take you past Tansaş supermarket on the right and OPET Petrol station on the left. After approximately 2km you will come to another roundabout with traffic lights where you go straight across, shortly passing M.M. Migros Supermarket on the left.

At the next roundabout with traffic lights go straight ahead, again following the signs for Ólüdeniz, following this road round the bend past the cemetery to the next set of traffic lights. Go straight on for about 1.5 km until you approach another set of traffic lights at the T-junction, where you turn right. Follow this road up the hill for some 6km passing through Ovacik and the Shell Petrol Station on the left. You will then come to a roundabout with signs for Kaya and Hisaronu. Here you bear left for Ólüdeniz and follow the road down the hill for about 3km. As you get to the bottom of the hill, take the second turning on the left by the Ólüdeniz Market. This road takes you round the back of the resort and on to the coast road.

Follow this road past the Lykia World Resort for another 10.5 km, taking care when ascending the hill, especially with some of the hairpin bends.

At the road junction at the top of the hill, bear right for Uzunyurt (Faralya). Follow the signs for Faralya (Kabak), passing the Faralya Hotel and a white villa on the left. As you approach the next white building on the left - Faralya Market, you will see a road that forks left directly behind this building. Take this narrow track and a few metres further you will see Villa Mandarin on the left.

Please drive carefully and **'iyi yolculuklar'**.
